# IN-POOL FURNITURE

## DESTINATION SERIES Destination Lounger™

-60 Starry Night shown

The Destination Lounger™ lets you relax and enjoy the pool without a splash. The innovative design allows pool owners to easily fill the base section with water but, more importantly, also allows them to move the lounger to remove water so it's easy to take it off the sun shelf when not in use.

- For use on a pool ledge with water depths up to 30cm
- High-quality RTM composite material
- UV protection to resist fading
- Compatible with all pool types, including vinyl
- Exclusive colours and visual textures
- Easy to drain and remove when not in use

## DESTINATION SERIES Rocking Lounge Chair

-61 Seashell shown

The Destination Series Rocking Lounge Chair is an elegantly designed and sturdy chair offering a slight rocking feature that allows for easier exit off the chair while in the pool. The innovative design allows pool owners to easily drain the water and remove from the sun shelf when not in use.

- For use on pool shelves with water depths up to 30cm
- Offers slight rocking feature for easier exit off chair
- High-quality RTM composite design
- UV protected to resist fading
- Compatible with all pool types
- Exclusive colors and visual textures
- Easy to drain and remove when not in use

## R-Series™ Rotomolded Lounger

The R-Series™ Rotomolded Lounger lets you relax and enjoy the pool without a splash. Design elegance and sturdy construction combine to give pool owners the opportunity to upgrade their sun shelf with ease. The R-Series design allows pool owners to easily drain the water and remove from the sun shelf when not in use.

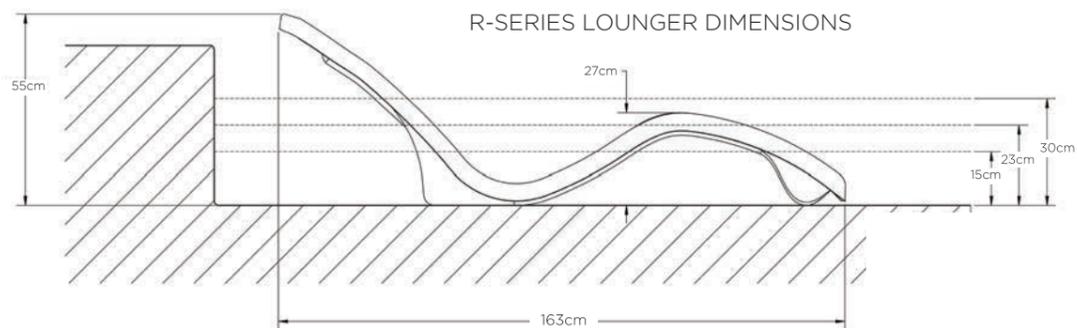

- Perfect for residential or commercial use
- For use on sun ledges with water depths up to 30cm
- High-quality rotomolded design
- UV protection to resist fading
- Compatible with all pool types
- Exclusive colours and visual textures
- Easy to drain and remove when not in use
- Patent pending

# POOL LIGHTING

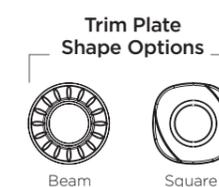

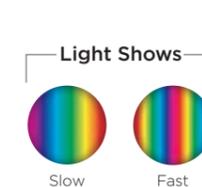

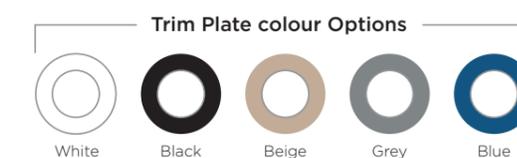

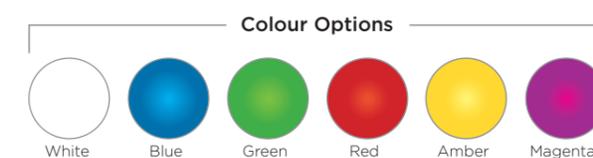

## MOD-LITE<sup>®</sup> PowerPass<sup>®</sup> Wireless

Mod-Lite™ is an LED light that blends modular design with wireless power to deliver unmatched flexibility, convenience, safety and savings. PowerPass™ technology allows power to flow directly to the wireless LED lamp module, without a physical connection to power; making installation faster, safer and more efficient; and replacement quick and simple.

- 12VAC 7 Watt LED light for concrete, vinyl liner, and fibreglass pools and spas
- Low profile wireless lamp
- Designed for use with standard 40mm wall fittings and conduit down to 20mm.
- 24m cable length
- Colour functions:
  - 12V controls: (6) colours (white, blue, green, red, amber, magenta)
- (5) coloured trim plates in (2) different shapes (square and round) for a total of (10) options for maximum customization
- 3-year warranty
- ERAC Registration No. E3011

All S.R.Smith, LLC swimming pool slides fully comply with Consumer Products Safety Commission (CPSC) mandatory safety Standard for Swimming Pool Slides (16 CFR 1207) and are certified by independent third party testing labs. The installer or end-user is responsible for complying with local building codes for the location, installation, construction or assembly of these slides. S.R.Smith, LLC makes no representations that the location, installation, construction or assembly of its slides meet local building codes.

# Deck Mounted Pool Slides

## DESIGNED FOR YEARS OF SERIOUS FUN

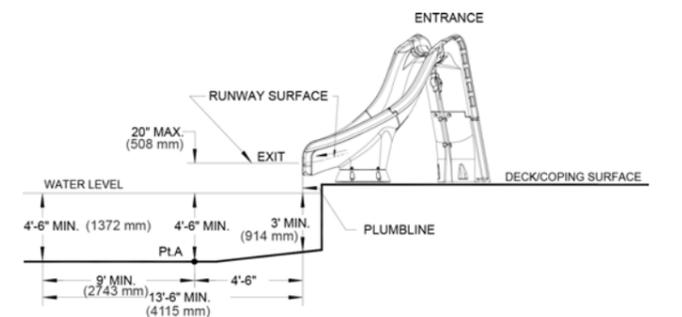

Manufactured from high-quality corrosion-resistant material, S.R.Smith deck mounted pool slides are engineered to deliver serious fun, season after season! Ranging in size from the SlideAway at just over 1.5m, to the towering TurboTwister that tops out at 2.6m, they resist fading and scratching, and retain their luster for years to come. There is an integrated water delivery system on each S.R.Smith slide that provides high-volume water fun for a slippery, sloshy ride. And for salt pool environments, you will find that all of our pool slides are salt friendly!

## SAFETY BUILT-IN

We believe fun and safety go hand in hand. That is why all of our slides fully comply with the U.S. Consumer Product Safety Commission's Standard for swimming pool slides (CPSC 16 CFR 1207). Whether it is our enclosed ladders, easy to grip hand rails or non-slip treads, safety features are integral to every one of our slides.

## SLIDE PLACEMENT GUIDELINES

The pool industry association has provided these guidelines for slide placement. Our slides can be mounted directly to the deck making retrofit applications easy (check with your inspector for local codes and guidelines). From the top of the ladder, a flume that curves down to the left is a left curve slide, and a flume that curves down to the right is a right curve slide.

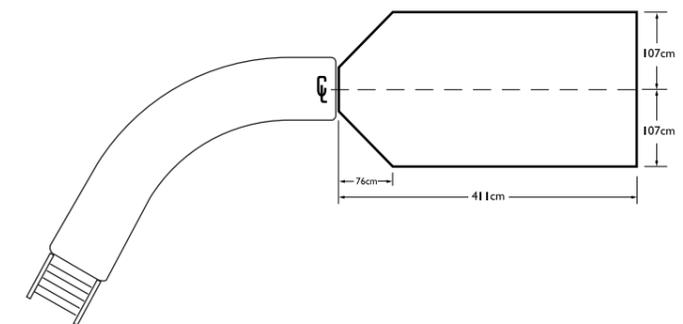

**DECK MOUNTED  
POOL SLIDES**

## ASSEMBLE. INSTALL. SLIDE!

Assemble the ladder and top section of the slide.

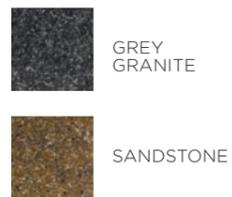

See how simple it is to assemble and install all of our deck mounted pool slides with our installation videos. Go to [srsmith.com/au](http://srsmith.com/au) or visit the S.R.Smith YouTube channel.

# DIVING BOARDS

## Diving Boards

S.R.Smith diving boards are designed to deliver serious fun and at the same time, stand up to harsh swimming pool environments and climate. Quality, durability and safety have been our hallmarks since we started making diving boards more than 85 years ago. The TrueTread and Odyssey diving boards provide the most spring, with the sleek Bombora having a little less flex, and the uniquely shaped Mondo being a rigid diving platform. Available in complete kits including the stand, diving board, spring assembly and jig (where applicable), plus all hardware.

Part #	Description
68-207-5762B	Salt Pool Jump System w/ 6'/183cm Blue TrueTread Diving Board
